Mindful
MEMORIALS

*“THERE ARE SOME
THAT BRING A LIGHT
SO GREAT TO THE
WORLD, THAT EVEN
AFTER THEY ARE
GONE, THE LIGHT
REMAINS.”*

ANON

INTRODUCTION

Capturing the essence of a loved one's whole life can be daunting at the best of times. Creating a meaningful and heartfelt reminder of a life's story is something we've been doing for over four generations.

We'd be honoured to help you remember your loved one with a truly fitting tribute that will stand as a testament to the person, passing on the wisdom and beauty inherent in each life.

Thank you for letting us be a small part of your family's journey.

With love,

Anna & Adrian

ANNA & ADRIAN
BUCKLEY

CHURCHYARD COLLECTION

Our family have been contributing to the majesty of our beautiful English Churchyards for over 100 years, beginning with the craftsmanship of Henry Rotherham back in the early 20th century and carried on by his son Joe Rotherham Senior, who was responsible for the training of many of our craftsmen working for the company today.

Churchyards are protected heritage sites in the British Isles and as a result coloured granites are generally not recommended and the church will usually encourage indigenous stone, slate or honed dark grey granite to be used. There may also be some limitations on what ornamentation and inscriptions can be used. Our experienced designers will be happy to work with you and the clergy to ensure we create a memorial perfect for you and your family, whilst also maintaining harmony with the surroundings

HAND CARVING

Designs on York Stone

The craft of the stone carver has been in much demand since the earliest human civilisations' and we are delighted to be able to offer this ancient skill to our customers in order to provide a stunning method of individualising your headstone.

If you are looking for a beautiful way to add character and meaning to your headstone, our creative team will be happy to work with you to create the perfect design for your carving.

TRADITIONAL COLLECTION

Our traditional headstone shapes are some of the most popular in the UK today.

These are available in a variety of sizes and colours and can have a wide choice of ornamentation or a completely unique drawing etched or sandblasted onto the headstone.

Our experienced designers can help guide you in choosing the perfect inscription and lettering to give you a unique and fitting final tribute to your loved one.

DISTINCTIVE COLLECTION

Our distinctive collection of memorials consists of more complex shapes with a beautiful range of detail and ornamentation.

In this collection you will be able to find the popular heart shaped memorials and books and scrolls perfect for highlighting the life story of your loved one, in addition to some of the more unusual contemporary shapes such as the double oval which can be made with a sandblasted design or from two different coloured and complementary granites if you are searching for something out of the ordinary.

Paul applies his years of artistry to many of our headstones

BESPOKE MEMORIALS

“Once we saw the craftsmanship of the stone mason, Paul, we decided on a bespoke memorial. A decision that was well made as the final result is outstanding!”

All of this was made possible by the dedicated team that helped us through the various stages of the process. Our sincere thanks to Sharon, Andy, Paul, Michelle and Adrian”

Create something completely unique as a personal reminder and celebration of your loved one.

Bring your thoughts and ideas to our creative team, who will be here to support you every step of the way to ensure we craft a memorial as individual as the person it is for.

A final and fitting tribute to a unique and wonderful life.

KERB SETS

Kerb sets can be added to most of our headstones and can provide a beautiful framing of the grave.

Kerbstones have been a popular addition to family graves since the 18th century when they were used to mark the graveside, but can be seen on much older graves often with a cover slab in addition to the kerbs and on occasion with beautiful statues carved into the stone.

There is evidence of kerb sets even having been used to retain the boundaries of the ceremonial monuments of the bronze age, such as those found on the isles of Scilly.

Sizes detailed in this collection are for the headstone element alone, Kerb sets are designed to match plot sizes provided by you, which generally tend to be 7ft x 3ft. Please don't hesitate to contact us for any further information.

PLAQUES

Carved stone plaques have been used since the first humans discovered writing, in order to celebrate and commemorate important events and to mark the stories and histories of the people of the world.

It is a great pleasure for us to be able to carry on this noble tradition with the creation of carved stone, granite and slate plaques, which our designers can work with you on to create the perfect memorial to honour your loved one.

VASES

The addition of a vase, or double vases, to the headstone, is a lovely way to add an additional message or image, which may not have space to fit onto the headstone or plaque.

Many people also find the practice of taking flowers to the grave, to be a comforting ritual.

HOME & GARDEN MEMORIALS

If your loved one has had a natural burial or cremation, but you are wanting to honour their memory with a unique memorial, we can work with you to create something beautiful and unique that can be placed in your home or garden.

Our network of artists, such as stone carvers, letter cutters, ceramicists and wood carvers allows us to combine different artistic elements into the design, and to create memorials that blend perfectly into your chosen surroundings, creating a beautiful tribute to the life and love you shared.

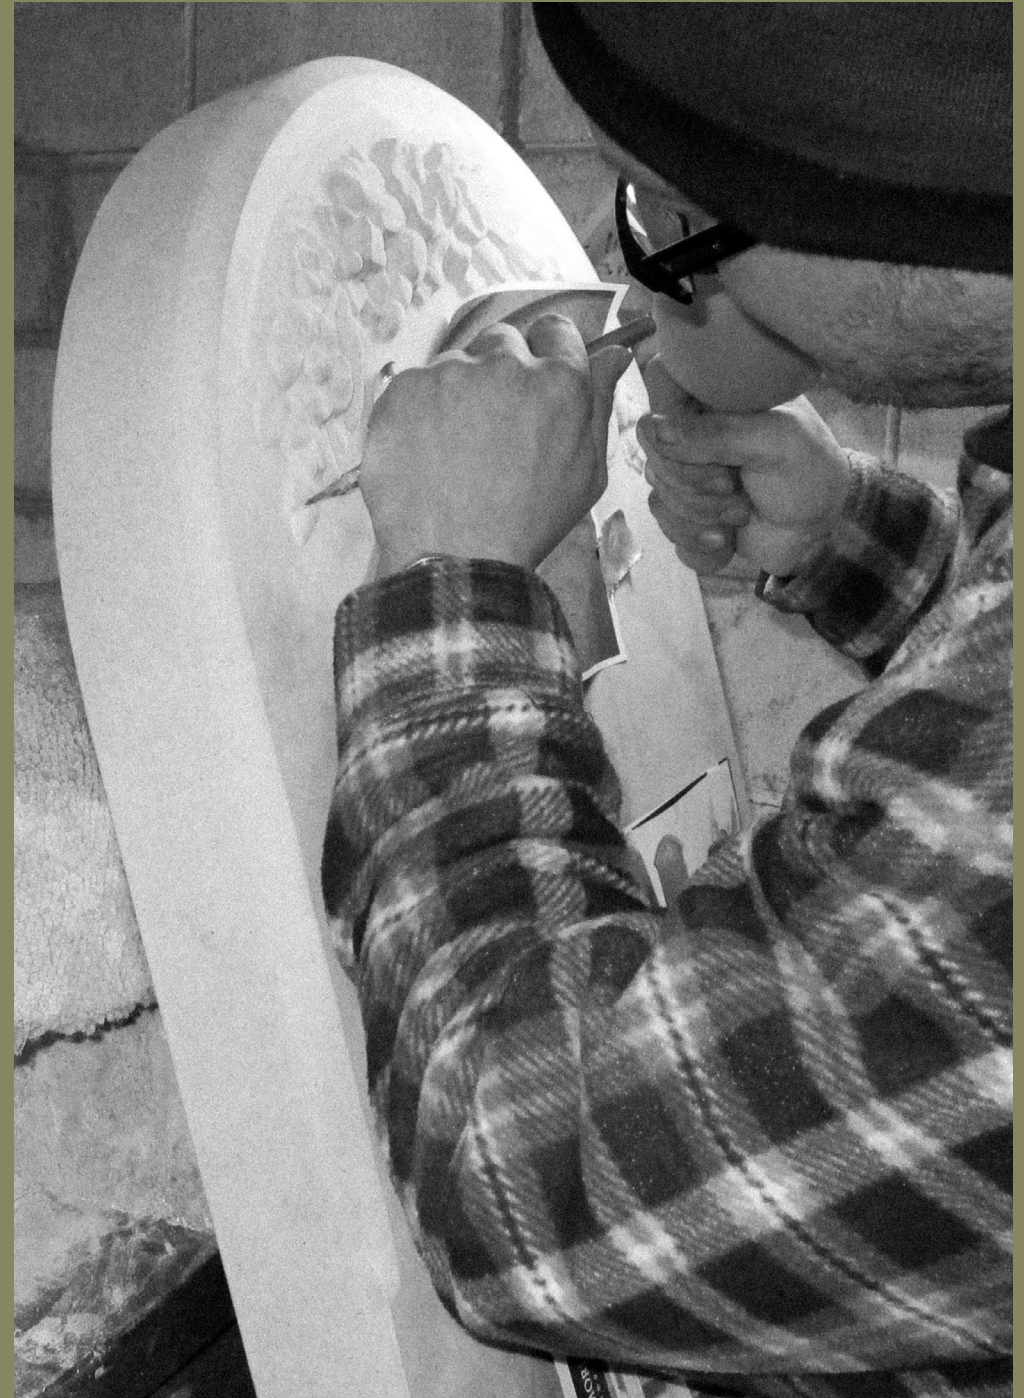

*“CREATING AN ARTWORK TO
COMMEMORATE A LIFE IS A HUGE
HONOUR, SOMETHING I AM REALLY,
REALLY PROUD OF.”*

CHARLES - STONEMASON

To help you leave a long-lasting memory, we are able to offer a personalised service for you to create a completely unique memorial for your loved one. This might be using a photograph to etch a portrait onto the stone, or to commission one of our artists to paint an image of something dear to your loved one, perhaps a place they loved to visit or an image of something meaningful to their life.

If you don't see the memorial you want in this brochure please feel free to bring in an image of what you would like, working with a multi-skilled, artisan team means we can recreate anything you might like.

To discuss a commission, please get in touch with us, via details at the back of the brochure.

We have many skilled stone carvers, masons and craftworkers able to help your vision come to life

DESIGN OPTIONS

Our full range includes the ability to add design options, making your choice as individual as the person it is for.

From the material you choose, to the unique inscription, we are also able to offer a truly personalised memorial with our optional extras such as a unique edge detail, a splayed base or the addition of a vase, plaque or kerb set, providing extra space for a favourite quote or more lettering.

All of our headstones are available in multiple sizes, so please don't hesitate to get in touch for any further questions or requirements.

Monolith example

Lawn Memorial example

One of the key design points to note, is if you require a 'monolith' headstone, or a lawn memorial.

All of our headstones come in various shapes and sizes, so please don't hesitate to get in touch with any questions.

Slate example

MATERIAL OPTIONS

We work with a wide range of materials, from limestone, sandstone and slate through to over 100 different coloured granites and most of our designs are available in all these materials, although suitability of material can vary depending on the design.

We are always on hand to advise on the appropriate material for your project and to work with you to create the perfect memorial for your loved one.

“The final result was the most amazing stone, and something that I know my parent’s would have loved. I can’t recommend this company highly enough, and when the craziness that is covid ends, I will be asking them to renovate our old family headstones.”

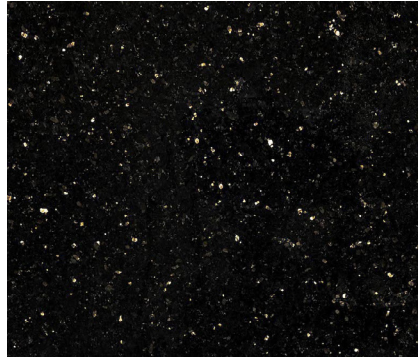

“I just want to say thank you for an absolutely lovely headstone. It’s just perfect. I was so nervous to take a look, but it’s just exquisite.”

*Please note, due to the nature of the materials, colours may vary slightly to images provided

EDGING OPTIONS

We can offer a number of different edge details and some of our more popular designs are shown on these pages.

The edge of the memorial and the back of the memorial can also sometimes provide extra space and opportunity to add more lettering or an image, where space allows.

“We are delighted with the headstone which was simple and elegant at the same time and expresses all that we wanted to say in memory of our three family members. Thank you and all your staf for fullfilling our expectations.”

Rebated rustic edge on tropical green granite

Rustic edge on limestone

INSCRIPTION EXAMPLES

The inscription you choose is often one of the most difficult and poignant moments in the commissioning of the memorial.

This is very personal and can be emotional but our team are here to help in any way we can.

Here are some examples of beautiful inscription layouts kindly shared with us by some of our clients.

ORNAMENTATION

The choice of ornamentation for the memorial is often the first step in personalising the headstone, and can be taken from a photograph, painting, drawing or any form of image.

Alternatively if you don't have an image but have an idea for what you would like, whether it is a hand carved design or hand cut lettering, or whether you are looking for a beautiful painted ornament, or sandblasted image, our designers, artists and craftspeople can help work with you to ensure we capture the spirit of your loved one in the design.

It is always a great honour to be asked to work on public commissions and war memorials. This is a memorial for the Prince of Wales's own regiment of Yorkshire in the National Arboretum.

HOW TO ORDER

At Mindful Memorials, we will hold your hand every step of the way through the process of creating a beautiful memorial for your loved one.

As a helpful 'rule of thumb', the initial information we need from you follows these two questions:

Where is the grave?

The grave could be situated in a Cemetery, Churchyard or perhaps a Natural Burial ground.

Is the memorial for a full coffin burial or cremated remains?

The sizes you are permitted for each differ, so it will help to know how you plan the memorial.

Once we have this information, we will gently guide you through the steps you need to take in order to create a memorial.

As you can see from this brochure, there is a huge range of beautiful memorials for you to choose from, with prices to suit all budgets; or you may want to create a wonderfully unique, bespoke design with us, to truly express their remarkable life in every way.

Whatever your vision for an appropriate way of honouring the memory of your loved one, our experienced team are ready to hear your ideas and will work together to not only meet but exceed your expectations.

YOUR APPOINTMENT: WHAT TO EXPECT

We strive to ensure our showroom environments are warm and welcoming and in true Yorkshire style the kettle is always on. However, we also recognise that not everyone feels comfortable in a showroom setting especially for the first appointment which can often be emotionally challenging. We therefore offer a range of alternative appointment options, for example you may feel more comfortable meandering through a beautiful old cemetery whilst talking through the ideas, thoughts and feelings you would like to incorporate within the design. Or, where it is not easy for you to get out, or if our branches are too far away to visit, we can arrange for a home visit (in the Yorkshire region) or a zoom or a telephone appointment.

A photo, a website page or even a written description can be a good starting point and these can be brought to the appointment or emailed to us in advance. It is useful to have a rough idea of budget at this stage, in order to help us to understand what materials, carving and/or other artisan/artistic elements will be suitable for your project.

RENOVATIONS & ADDITIONAL INSCRIPTIONS

Before

After

With over four generations of monumental masonry experience, we are very experienced in renovating old or damaged headstones, and would love the opportunity to help you with your renovation project.

“WOW. That is truly amazing. To say I am pleased is an under statement. Please can you let me have the name/s of all involved in this, so that I can thank them personally? Thanks for everything.”

“Had my father’s headstone cleaned and additional writing added, and they have done a fantastic job, really efficient and friendly too.”

SUPPORTING OUR COMMUNITIES

“This is an amazing idea, we came and met some lovely people. Sharing good and hard times with some laughter too... Great social support network. I would say to anyone feeling the blues or alone to get along and join in...”

Working with designers, artists and craftspeople to create a unique tribute can be an important part of the ritual of bereavement and we believe can also serve the important purpose of providing a focal point for the grieving process. But we also understand that you may need support in other ways, and our team can sign post you to other organisations who may be able to help.

We also work closely with our local independent bereavement charity ‘Talking About Loss’ to offer additional support groups, grief workshops, walking therapy and other events that you may find helpful, so please do have a look at our community page on the website or on facebook for more information about things that are going on locally.

“What a wonderful morning. Peace and tranquility in abundance. Mindful walk in silence was very moving.”

A fantastic experience and I can't wait for other workshops. I can't thank you enough.”

ABOUT US

At Mindful Memorials we understand that we all have a story to tell and that each and every life has a unique essence. We care deeply about your experience and it is our mission to listen carefully and help you create a memorial that reflects the person whose life we are celebrating.

If you haven't already, you can make an appointment at one of our branches or set up an online 'virtual appointment' to chat through some of the decisions and options available.

We would also like to invite you to share with us photos of your projects, what they mean to you, stories of your loved ones and requests for anything you would like us to create or do differently.

Whatever the reason, we would love to hear from you.
